

MORE THAN JUST A BED FOR THE NIGHT...

At Coast & Country we pride ourselves on making your stay with us as comfortable and pleasurable an experience as possible. We know that when it comes to booking a hotel break we all have different needs and expectations, so in addition to our standard rooms, we also have a range of Superior and Premier rooms, giving you the opportunity to experience another level of comfort.

Some of our hotels also have unique rooms that offer that little bit more, whether it be an amazing view or in some cases a room steeped in history and heritage.

So whether you are booking for a special occasion or simply want a better view, it's always worth asking about upgrade options when you book.
