# THE GEORGE HOTEL

Set in a beautiful river front location, just five miles from the market town of Hexham, The George at Chollerford, is a historic building dating back to the 1700s, renowned for it's fine food and hospitality.

It is great to have such a history behind the hotel and we feel we are doing an excellent job of keeping the tradition going, but we have also spent a lot of money upgrading a number

**LOCAL INSIGHT**

*Our location is just stunning and everyday when I arrive the river next to us is different. It changes not just with the seasons but every day – sitting in our gardens and taking in the view is a pleasure in itself but we have even more to offer. A lot of our guests come to walk Hadrian's Wall and Hexham, a small, historic, and beautiful market town, is well*

*worth exploring - it is also home to Britain's first prison! Chester's Roman Fort is also very interesting. Game fishing is extremely popular on this stretch of the river, with permits available at the hotel and Northumberland National Park is situated just five miles to the west.*

*Steve, General Manager*

“The gardens were so peaceful we didn’t want to go anywhere else”

of facilities in the hotel including the leisure club, with its swimming pool and gym. Situated west of Newcastle, we are in an ideal spot for walkers, history buffs and gardeners alike - you’ll be spoilt for choice.

The hotel is a perfect retreat in a location that we consider to be one of the most relaxing in Northumbria.
